Citizen Artist Baltimore is a non-partisan advocacy effort to mobilize 5000 or more voters in Baltimore City, by providing the opportunity for mayoral candidates to outline their positions and goals related to arts, culture and humanities and getting out the vote. The initiative is supported by a partnership of artists, organizations, as well as community and cultural leaders, and is led by the Greater Baltimore Cultural Alliance (GBCA), Maryland Citizens for the Arts (MCA), and the Robert W. Deutsch Foundation.
